IMAGINARY SENSES

Together as a family, think of various places you've been to or would like to go to (the beach, the zoo, the farm...) and imagine what you would see, smell, hear, feel and possibly taste at each location.

| What place are you thinking about? | What do imagine you would see there? | What do you imagine you could smell there? | What do you imagine you would hear there? | What do you imagine you could feel there? | What do you imagine you could taste there? |
